COMMUNITY & SCHOOL
COLLABORATION
Preparing Children At Risk For Lifetime Success

September 18, 2008

Daniel Evans
311 South Central Avenue
Canonsburg, PA 15317

Dear Daniel:

Thank you for generous donation of the Tooex Media Directory to our organization, Community and School Collaboration. As a small organization we are always looking for ways to get our name and more importantly our mission and vision out to the public. This directory will definitely be a useful tool for us, especially in the upcoming months as we are planning an event that we would like to advertise to the local media.

I would like to thank you especially for taking an interest in our organization. All of us here at Community & School Collaboration, are so dedicated to our program and wholeheartedly believe in the impact it creates and the lives that change with it. This year, we are celebrating our 10th Anniversary, having helped over 758 families and 2,352 children since our inception.

We hope that you will continue to be a supporter of Community and School Collaboration and think of us as we continue to grow. I am happy to enclose some information about us and will add you to our mailing list to inform you of exciting news as we progress.

Best wishes for success in your own business ventures!

Kind Regards,

Allison Harvey
Director of Development

P.S. I checked out your 2008 Media Survey website and although very impressed, I am uncertain how we would be able to fit our organization into it. If you have any creative ideas I would be more than happy to work with you!
